

## STANDARDS FOR AUCTION HELD UNDER THE AUSPICES OF S.A.HOLSTEIN

### **1. September National Auction**

Standards apply as published in the June Holsteiner of 1999

### **2. Club/Regional and other National Auctions**

2.1 Animals classified less than G 75 for udder and Final class on the day of the auction, will not be sold under the auspices of S.A.Holstein. These animals as well as heifers and bulls which have badly discriminating and disqualifying traits as in accordance with the Classification manual, will be approved or disqualified at the discretion of a S.A.Holstein technical advisor.

2.2 Animals that do not adhere to the above standards will not be allowed in the auction ring for sale.

2.3 Animals that do not comply with the standards as set out by the specified club and/or auction committee, will be pointed out by the technical advisor to the delegate of the club. The seller of the specified animals will then be informed by the delegate of the committee's decision.

### **3 Private Auctions**

3.1 The same standards apply as set out in point 2.1

3.2 However, animals that do not qualify will be allowed into the ring of sale after the official auction. The auctioneer will specify such animals as well as their lot numbers before the auction, and specifically inform the buyers that said animals are not being sold under the auspices of S.A.Holstein. The same procedure will be followed by the auctioneer at the end of the sale of approved animals.

### **4 All Sales**

The seller must be in possession of a TB and CA certificate, which must be handed to the S.A.Holstein official before the sale, which must indicate that the whole herd is free/tested tested negative, but in the case of TB, certificates for specific animals will be acceptable. No animal will be allowed on the sale premises without said certificate.

Standards and procedures as laid not in this document will be enforced until such time as another decision has been reached and published as such.
